THE NEW
ERA

We have to
get off fuck,
where do they
come from?

These guys are
more brutal
than me...

That is weird.
Why did I
come here?

On our side
there are at least
thousands of soldiers.
They must organize
ten thousand people
to start this.

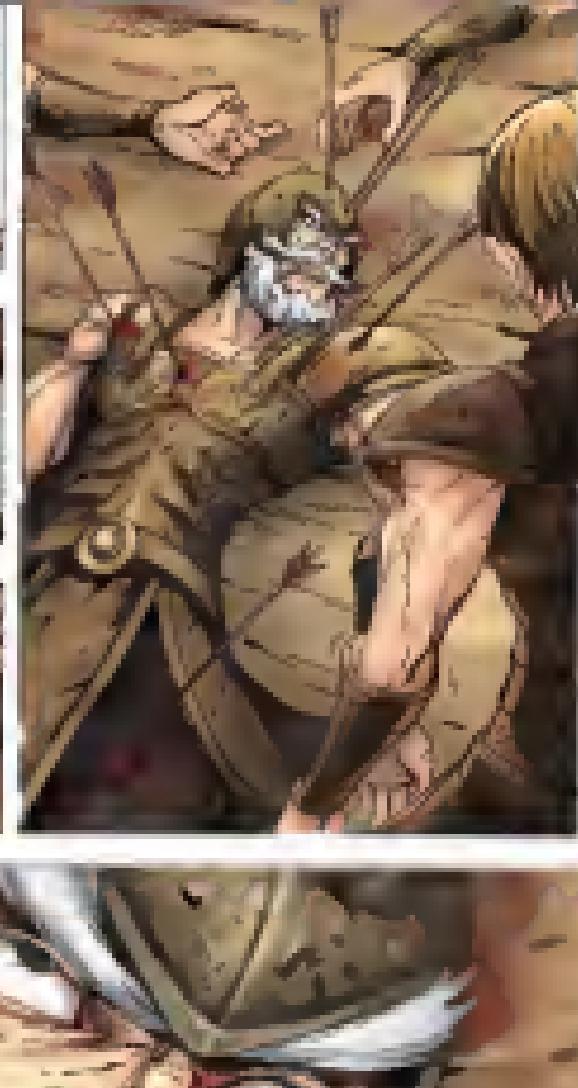

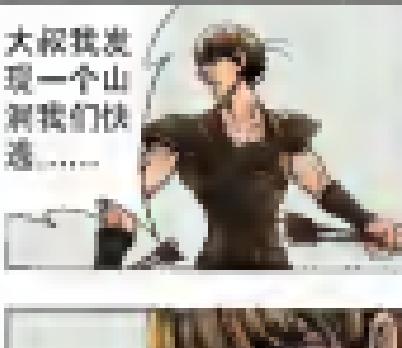

Dear military
more than the
normal people.
Never mind we
should not fight
you and support
the people.

We must try to
escape here.

大根我发现一个山洞我们快逃.....

你们这群混蛋!!
